

DHIVIYA K

ELECTRONICS AND COMMUNICATION ENGINEERING

+91 9597680140 | dhiviyamani2005@gmail.com | Trichy

OBJECTIVE

Final-year Electronics and Communication Engineering student with a strong interest in software development and testing. Possess foundational knowledge in Java, SQL, Manual Testing, and UI/UX Design using Figma. Passionate about learning new technologies and building a successful career in the IT industry.

SKILLS

• Java (Basics) | • SQL (Basics) | • JIRA (Basics) | • Manual Testing | • UI/UX Design using Figma

PROJECTS

Ride Booking Application Testing

- Performed manual testing on modules including booking, cancellation, fare estimation, live tracking, and payment processing.
- Created test cases, executed test scenarios, identified defects, and performed regression testing.

ExpenseWise – AI-Assisted Expense Tracking and Budgeting Platform

- Developed an expense tracking and budgeting web application using AI-assisted development tools.
- Implemented expense management, budget planning, analytics dashboards, and user authentication.
- Utilized React, Node.js, Express.js, and MySQL.

ATM System (Java Console-Based Project)

- Developed a basic ATM simulation using Java with login authentication, balance checking, deposit, and withdrawal functionalities.
- Improved understanding of Java fundamentals including loops, methods, and conditional statements.

CERTIFICATIONS AND TRAINING

- Manual Testing Training | • Java Training Program – 2 Months | • Basic SQL Certification
- UI/UX Design using Figma

EDUCATION

J.J. College of Engineering and Technology, Trichy (2023 – Present)

Bachelor of Engineering (B.E.) – Electronics and Communication Engineering

CGPA (Up to Semester 5): **8.40**

R.S.K Higher Secondary School, Trichy (2022 – 2023)

Higher Secondary Certificate (HSC)

Percentage: **65.8%**

R.S.K Higher Secondary School, Trichy (2020 – 2021)

Secondary School Leaving Certificate (SSLC)

Percentage: **91%**
